Dear Mr. Ryczek:

In response to your letter dated January 28, 2004, Schlumberger appreciates the extension of the answer deadline to February 23, 2004. In response to this Request for Information, Schlumberger conducted an internal record search and was unable to locate any information relating to the RRG/Clayton Chemical Company Superfund Site. Attached is an initial response to the Information Request, which will be amended should any new information be obtained.

Given the above, we would appreciate obtaining from USEPA any documentation it has available which may connect Schlumberger to the RRG/Clayton Chemical Company Superfund Site.

In the future, please send correspondence to the attention of Annette Carey at the above address.

We appreciate your assistance and should you have any questions, please do not hesitate to contact Annette Carey at 281-285-4887 or me.

Sincerely,
